

Safety & Security Award Program

Who is Eligible? — Any member of the airport community may be nominated for acting “above and beyond” their normal duties to assist in maintaining safety and security at Toronto Pearson.

The Nomination Process — A Safety & Security Award Nomination form can be obtained from the GTAA Safety & Security website. This form should be completed and forwarded to the GTAA Safety & Security department, via e-mail whenever an award candidate is identified. Nominations are reviewed by Safety & Security Senior Management to determine if the actions of the individual merit an award by going “above and beyond” what is normally expected of an airport employee.

Presentation of Award — Upon approval of an award, the individual will receive either a letter or plaque which will be presented to the individual at their place of employment and in the presence of their manager, peers and the nominator.
