

Runway 06L ILS Flight Inspection – August 02, 2008

Date of Release: August 01, 2008

Nav Canada will be completing an Instrument Landing System inspection on Runway 06L from 9:30 a.m. to 1:30 p.m. on August 02, 2008. A white and blue Dash 8 propeller aircraft will make repeated approaches to the runway at low altitude without the landing gear down approximately every 5 to 10 minutes.

These unusual aircraft manoeuvres are normal operations required for Instrument Landing System inspections. Daily weather and air traffic conditions may require adjustments to the actual times of the flight inspection.
