

Annual Fit Testing (SCBA & N95)

Annual Fit Testing (SCBA & N95)

Pre-requisites: Must be clean-shaven to allow for a face to mask seal.

Description:

As required by Occupational Health and Safety each person required to wear respiratory protection shall be fit tested using a qualitative testing method to determine proper fit of a face piece. The GTAA Fire and Emergency Services Training Institute offers this test to all persons who are required to wear a Self contained Breathing Apparatus Face piece or an N95.

Goal:

The intention of this program to ensure every employee / employer is given the opportunity to be properly tested for appropriate face piece fit in order to meet the requirements of OSHA. [Course policies](#)

Cost: Please refer to [Fee Schedule](#)

Duration: 30 min
